About Himalayan Vibes

Naresh and Raja, founders of Himalayan Vibes, were born and brought up in Kathmandu, Nepal. Both of us have travelled enthusiastically within and outside Nepal. Travellers turned entrepreneurs, we established this travel agency in 2006 with its head office in Kathmandu and with partners throughout the Himalayas and outside Nepal mainly in Finland, France, Germany, Spain, UK and USA.

Our name is our concept –“Himalayan Vibes” with the aim to let you, our guests, experience "The True Himalayan Feelings". This means to take you to journeys throughout Nepal and share with you the best She has to offer - the snow covered peaks of the highest mountains on earth; the living traditions of Buddhism and Hinduism; the cultural richness of the Kathmandu Valley and rural towns; the unexplored beautiful trails and treks of hills and mountains, the wilderness of Tarai jungles and the great hospitality of the Himalayan people.

We share these vibes from the Himalayas through sustainable tourism practices where all participants involved gain to the optimum. Himalayan Vibes joins forces with Sustainable Tourism Network to promote this concept based on ecological, economical, social and cultural values and beliefs in Nepal.
